Instructor Comments

Describe the one best thing about the recitation section or the instructor that was effective in helping you learn. If you could suggest one thing to improve the section, what would it be?

- Very responsive and helpful!
- They were very clearly laid out and the routine was very nice

- Alicia was always willing to answer questions, and was very helpful in her office hours. The one thing I would suggest is that perhaps the class isn't split into breakout rooms for every class. I realize that this suggestion is only useful for when the class is online, but my reason for having this wish is that in some of the breakout rooms I was placed in, my classmates weren't really willing to work together on the worksheets. Because of this, I feel that I would have learned more effectively if we had worked all together more often. However, as said before, this was mostly an issue because this class was online, but this was a minor inconvenience in an otherwise very well-organized and well-taught class.
- she was helpful in providing examples to teach concepts and make them easier to understand. sometimes, it was a bit hard to focus in recitations and it could be helpful if they were a bit more engaging
- I would suggest maybe having more altogether activities.
- Alicia is awesome! She is super responsive and open to any questions and gives amazing feedback. I only wished her office hours were at a more convenient time for me since I do enjoy talking to her (although that cannot be helped).
