## Instructor Comments

**Describe the one best thing about the recitation section or the instructor that was effective in helping you learn. If you could suggest one thing to improve the section, what would it be?**

- Both the instructor and Teaching Assistants were passionate about the course material and were accessible to students. Moreover, both provided helpful feedback.
- I think TA is always very responsive to my questions and emails.
- Alicia was an amazing recitation TA who was very accessible outside the classroom. I felt like I could talk to her comfortably. She also was very good at providing feedback and clarifying points that were brought up during lecture.
- The recitation gave me a more intimate and comfortable experience to ask questions and practice various skills learned in the lecture. I was able to apply everything I learned to practices during recitation. Honestly, it was a great section; I don't have any suggestions.
- The best thing was being able to talk and discuss in class. One thing I could improve is having more of the group activities.
- She always brought up topics in a sense of application, such that we would see what we learned in class and examples of where that applied in various places (i.e. sound inventories in a fictional language)
- The example problems given in recitation helped me confirm my knowledge of the subject
- Perhaps pre-check/troubleshoot any technology issues prior to start of recitation.
- The interactive activities during the recitation were helpful and it was very useful to get some practice doing things that we had heard about in lecture.
- Our recitation class gave me an opportunity to clarify the things I didn't understand in class.
- A good TA. Always available to help and also explains the material well. A good humannn
- it would be better if the instructor to go over all the answers on the practice problems and the study guide

- Alicia is one of the best TAs I've ever had at NYU. She is patient and intelligent, always replying to emails ASAP to address the questions I had about homework or other concerns that I had.
- I hope the lecture notes of recitations are accessible online.
- She was very patient, along with Guy.
- Alicia is really nice to her students and she answers any question, including the questions that are not strongly related to what we've talked about in class. She helps whenever she can
- In recitation, the instructor gave lots of examples for things we learned in class and provided worksheet to help us learn and understand the material.
- The instructor is really accessible and friendly to all of us. She got clear things to do for every recitation and she could answer all the questions we asked to help us.

- Alicia is super friendly and replies emails very quickly.

Provide more practice questions for us to work on, and post the answers after the class so that we can save more class time.
